POLICY

The Superior-Greenstone District School Board is prepared to make provision for students to obtain ownership of their own work produced within the school curriculum.

PROCEDURES

1.0 Materials Through Budget

Materials required for projects initiated by a teacher within the curriculum are supplied through the school's budget.

2.0 Non-Budget Materials

If, with the teacher's approval, a student undertakes a project requiring non-budgeted material, the additional cost will be borne by the student.

3.0 End Products

End products become the property of the school.

4.0 Student Purchase

Teachers may allow students to purchase their work for the cost of materials consumed that were purchased through the school's budget.

5.0 Accounting

An accounting of such transactions should be maintained and the Principal should be consulted.
