The process for the granting of these equivalent credits is outlined in in Ontario Schools, Kindergarten to Grade 12: Policy and Program Requirements 2016 (Section 7.2.5.2).

DEFINITIONS

“Prior Learning Assessment and Recognition (PLAR)” is the formal evaluation and credit-granting process whereby mature students may obtain credits for prior learning. Prior learning includes the knowledge and skills that students have acquired, in both formal and informal ways, outside secondary school. Students may have their knowledge and skills evaluated against the expectations outlined in provincial curriculum policy documents in order to earn credits towards the secondary school diploma. For mature students the PLAR process may involve two components for each of: grades 9, 10 and grades 11, 12. For grades 9, 10, the two components are individual assessment and/or equivalency. For grades 11, 12, the two components are equivalency and/or challenge.

“Challenge” means process whereby the mature student’s prior learning is assessed for the purpose of granting credit for Grade 11 or 12 courses.

“Equivalency” is the process of assessing credentials from other jurisdictions, workplace and other institutions of learning and may involve individual assessment for the purpose of granting credits.

“Credits:” All credits granted through the PLAR process – that is, through either the individual assessment, challenge process or the equivalency process – must represent the same standards of achievement as credits granted to students who have taken the courses. The maximum number of credits that can be obtained from the PLAR process is twenty-six (26). A maximum of sixteen credits for grades 9 and 10 either through equivalency or individual assessment and a maximum of ten credits for grades 11 and 12 either through equivalency or challenge. Each student must earn the last four credits one of which must be ENG 4C or ENG 4E or OLC 40. No substitution is permitted.
