POLICY

It is the policy of Superior-Greenstone District School Board to provide an environment in all of its facilities that builds independence, dignity, integration, and equality of opportunity for our students, parents/guardians, the public and our staff. Further, we are committed to giving people with disabilities the same opportunity of access to our services in the same location and in a similar way as these services are available to all others we serve.

RATIONALE

In compliance with The Accessibility Standards for Customer Service, Ontario Regulation 429/07, created under the Accessibility for Ontarians with Disabilities Act, 2005, the Superior-Greenstone District School Board is committed to providing services in a way that is accessible to all customers.

The Board believes that excellence in education is founded on respect for the dignity and humanity of all individuals and the development of human potential, enabling individuals and groups to participate and contribute fully within a diverse society. Equity, valuing diversity and

inclusion are related yet distinct concepts which form the foundation of social justice and reflect values such as fairness, empathy, and respect for the dignity of all humans.

Practicing equity involves proactively eradicating attitudes, actions, structures and systems that result in discrimination and exclusion. To this end, the Superior-Greenstone District School Board is committed to the continual improvement of accessibility and the on-going removal of barriers in order to provide greater equity for all.

OBJECTIVES

1. The Board will review all policies, practices and procedures on an on-going basis to ensure that they are consistent with the principles of independence, dignity, integration and equality of opportunity to all with particular attention for persons with disabilities.
2. The Board will welcome all members of the school and broader community to our facilities by committing our staff and volunteers to providing services that respect the independence and dignity of persons with disabilities. Such services are to incorporate measures that include but are not limited to the use of assistive devices and service dogs.
3. The Board will provide appropriate training for all staff who deal with the public or other third parties on behalf of the board to ensure greater awareness and responsiveness to the needs of individuals with disabilities.
4. Training as identified in No. 3 will be provided to all staff and to volunteers. As new staff are hired, the training will become a component of their orientation training and will be provided within a reasonable timeframe.

8. In order to monitor the effectiveness of implementation of the Accessible Customer Service Standard, the Board will develop a process for receiving and responding to feedback. Information about the feedback process will be available to the public on the board's website and will allow people to provide feedback using a variety of methods.
