Management Report

Management's Responsibility for the Consolidated Financial Statements

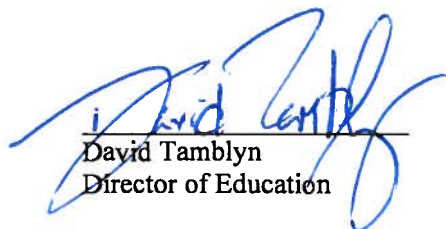

The accompanying consolidated financial statements of the Superior-Greenstone District School Board (the "Board") are the responsibility of Board management and have been prepared in accordance with the Financial Administration Act, supplemented by Ontario Ministry of Education memorandum 2004:B2 and Ontario Regulation 395/11 of the Financial Administration Act as described in Note 1 to the consolidated financial statements.

The preparation of consolidated financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Board management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the financial statements. These systems are monitored and evaluated by management.

The Audit Committee meets with management and the external auditors to review the consolidated financial statements and discuss any significant financial reporting or internal control matters prior to Board of Trustees approval of the consolidated financial statements.

The consolidated financial statements have been audited by Deloitte LLP, independent external auditors appointed by the Board. The accompanying Independent Auditor's Report outlines their responsibilities, the scope of their examination and their opinion on the Board's consolidated financial statements.

Independent Auditor's Report

To the Board of Trustees of the
Superior-Greenstone District School Board

We have audited the accompanying consolidated financial statements of Superior-Greenstone District School Board, which comprise the consolidated statement of financial position as at August 31, 2012 and August 31, 2011, and the consolidated statements of operations, change in net debt and cash flows for the years then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation of these consolidated financial statements in accordance with the basis of accounting described in Note 1 to the consolidated financial statements, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

In common with many school boards, individual schools derive revenue from school fundraising activities held throughout the year. Adequate documentation and controls were not in place throughout the year to allow us to obtain satisfactory audit verification as to the completeness of these revenues. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the individual schools and we were not able to determine whether adjustments might be necessary to school fundraising revenue, annual surplus (deficit), and cash flows from operating activities for the years ended August 31, 2012 and 2011, financial assets as at August 31, 2012 and 2011, and accumulated deficit as at September 1 and August 31 for both the 2012 and 2011 fiscal years. Our opinion on the financial statements for the year ended August 31, 2011 was modified accordingly because of the possible effects of this limitation in scope.

Opinion

In our opinion, except for the possible effect of the matter described in the Basis for Qualified Opinion paragraph, the consolidated financial statements of Superior-Greenstone District School Board for the year ended August 31, 2012 and August 31, 2011 are prepared, in all material respects, in accordance with the basis of accounting described in Note 1 to the consolidated financial statements.

Emphasis of Matter

Without modifying our opinion, we draw attention to Note 1 to the consolidated financial statements which describe the basis of accounting used in the preparation of these consolidated financial statements and the significant differences between such basis of accounting and Canadian public sector accounting standards.

Superior-Greenstone District School Board

Notes to the consolidated financial statements

August 31, 2012

1. Significant accounting policies

The consolidated financial statements of the Superior-Greenstone District School Board (the "Board") are prepared by management prepared in accordance with the basis of accounting described below.

Significant accounting policies adopted are as follows:

a) *Basis of accounting*

The consolidated financial statements have been prepared in accordance with the Financial Administration Act supplemented by Ontario Ministry of Education memorandum 2004:B2 and Ontario Regulation 395/11 of the Financial Administration Act.

The Financial Administration Act requires that the consolidated financial statements be prepared in accordance with the accounting principles determined by the relevant Ministry of the Province of Ontario. A directive was provided by the Ontario Ministry of Education (the "Ministry") within memorandum 2004:B2 requiring school boards to adopt Canadian public sector accounting standards commencing with their year ended August 31, 2004 and that changes may be required to the application of these standards as a result of regulation.

In 2011, the government passed Ontario Regulation 395/11 of the Financial Administration Act. The Regulation requires that contributions received or receivable for the acquisition or development of depreciable tangible capital assets and contributions of depreciable tangible capital assets for use in providing services, be recorded as deferred capital contributions and be recognized as revenue in the consolidated statement of operations over the periods during which the asset is used to provide service at the same rate that amortization is recognized in respect of the related asset. The regulation further requires that if the net book value of the depreciable tangible capital asset is reduced for any reason other than depreciation, a proportionate reduction of the deferred capital contribution along with a proportionate increase in the revenue be recognized. For Ontario school boards, these contributions include government transfers, externally restricted contributions and, historically, property tax revenue.

The accounting policy requirements under Regulation 395/11 are significantly different from the requirements of Canadian public sector accounting standards which requires that

- government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met in accordance with public sector accounting standard PS3410;
- externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified in accordance with public sector accounting standard PS3100; and
- property taxation revenue be reported as revenue when received or receivable in accordance with public sector accounting standard PS3510.

As a result, revenue recognized in the consolidated statement of operations and certain related deferred revenues and deferred capital contributions would be recorded differently under Canadian Public Sector Accounting Standards.

1. Significant accounting policies (continued)

a) *Basis of accounting (continued)*

Regulation 395/11, "Accounting Policies and Practices Public Entities" was released in the fall of 2011 requiring that the Board comply with the related accounting policy requirements described above. Prior to the release of this Regulation the consolidated financial statements as at and for the year ended August 31, 2011 were originally prepared under a special purpose framework as directed by the Ministry of Education. As a result, these are the first financial statements of the Board prepared in accordance with the Financial Administration Act supplemented by Ontario Ministry of Education memorandum 2004:B2 and Ontario Regulation 395/11 of the Financial Administration Act ("new financial reporting framework"). The Board has applied this new financial reporting framework retrospectively to the comparative information in these consolidated financial statements. There are no changes to accumulated surplus on the consolidated statement of financial position as at August 31, 2011 or the annual surplus on the consolidated statement of operations for the year ended August 31, 2011 as a result of the transition to this new financial reporting framework.

b) *Reporting entity*

The consolidated financial statements reflect the assets, liabilities, accumulated surplus, revenues, expenses and annual surplus of the reporting entity. The reporting entity is comprised of all organizations which are controlled by the Board.

School generated funds, which include the assets, liabilities, accumulated surplus, revenues, expenses and annual surplus of various organizations that exist at the school level and which are controlled by the Board are reflected in the consolidated financial statements.

All material interdepartmental and inter-entity transactions and balances between these organizations are eliminated on consolidation.

c) *Trust funds*

Trust funds and their related operations administered by the Board amounting to \$279,946 (2011 - \$245,500) are not included in the consolidated financial statements.

d) *Cash and cash equivalents*

Cash and cash equivalents are comprised of cash on hand, demand deposits and investments which are highly liquid, subject to insignificant risk of changes in value and have an initial term to maturity of less than 90 days.

e) *Deferred revenue*

Certain amounts are received pursuant to legislation, regulation or agreement and may only be used in the conduct of certain programs or in the delivery of specific services and transactions. These amounts will be recognized as revenue in the fiscal year the related qualifying expenses are incurred or services are performed.

f) *Deferred capital contributions*

Contributions received or receivable for the purpose of acquiring or developing a depreciable tangible capital asset for use in providing services, or any contributions in the form of depreciable tangible assets received or receivable for use in providing services, shall be recognized as deferred capital contribution as defined in Ontario Regulation 395/11 of the Financial Administration Act. These amounts are recognized as revenue at the same rate as the related tangible capital asset is amortized. The following items fall under this category:

- Government transfers received or receivable for capital purpose
- Other restricted contributions received or receivable for capital purpose
- Property taxation revenues which were historically used to fund capital assets

g) Retirement and other employee future benefits

The Board provides defined retirement and other future benefits to specified employee groups. These benefits include health and dental, retirement gratuity, worker's compensation, non-vesting accumulating sick leave, and early retirement incentive plan. On September 11, 2012, the Government of Ontario passed Bill 115, Putting Students First Act which included changes to the Board's retirement gratuity plan, sick leave plan and retiree health, life and dental plan. The Board has adopted the following policies with respect to accounting for these employee benefits.

- i) The costs of self insured retirement and other employee future benefit plans are actuarially determined using management's best estimate of salary escalation, insurance and health care cost trends, disability recovery rates, long-term inflation rates and discount rates. In prior years, the cost of retirement gratuities that vested or accumulated over the periods of service provided by the employee were actuarially determined using management's best estimate of salary escalation, accumulated sick days at retirement and discount rates. As a result of the plan change, the cost of retirement gratuities are actuarially determined using the employee's salary, banked sick days and years of service as at August 31, 2012 and management's best estimate of discount rates. The changes resulted in a plan curtailment and any unamortized actuarial gains and losses are recognized as at August 31, 2012. Any future actuarial gains and losses arising from changes to the discount rate will be amortized over the expected average remaining service life of the employee group.

For self insured retirement and other employee future benefits that vest and accumulate over the periods of service provided by employees, such as life insurance and health care benefits for retirees, the cost is actuarially determined using the projected benefits method prorated on service. Under this method, the benefit costs are recognized over the expected average service life of the employee group. Any actuarial gains and losses related to the past service of employees are amortized over the expected average remaining service life of the employee group. The changes to the retiree health, life and dental plans resulted in a plan curtailment and any unamortized actuarial gains and losses associated with the employees impacted by the change are recognized as at August 31, 2012.

For those self insured benefit obligations that arise from specific events that occur from time to time, such as obligations for life insurance, dental and health care benefits for certain employees on disability leave, the cost is recognized immediately in the period the events occur. Any actuarial gains and losses that are related to these benefits are recognized immediately in the period they arise.

Actuarial gains and losses related to obligations for long-term disability are amortized over the expected average service life of the employee group.

- ii) The Board's contributions to multi-employer defined benefits pension plans, such as the Ontario Municipal Employees Retirement System pensions, are recorded in the period in which they become payable.
- iii) The costs of insured benefits for active employees reflected in these consolidated financial statements are the Board's portion of insurance premiums owed for coverage of employees during the period.

h) Tangible capital assets

Tangible capital assets are recorded at historical cost less accumulated amortization. Historical cost includes amounts that are directly attributable to acquisition, design, construction, development or betterment of the asset, as well as interest related to financing during construction. When historical cost records were not available, other methods were used to estimate the costs and accumulated amortization.

Superior-Greenstone District School Board

Notes to the consolidated financial statements

August 31, 2012

1. Significant accounting policies (continued)

h) Tangible capital assets (continued)

Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

Tangible capital assets, except land, are amortized on a straight line basis over their estimated useful lives as follows:

| <u>Asset class</u> | <u>Estimated useful life in years</u> |
|-------------------------------------|---------------------------------------|
| Land improvements | 15 |
| Buildings and building improvements | 40 |
| Portable structures | 20 |
| Other buildings | 20 |
| First-time equipping of schools | 10 |
| Furniture | 10 |
| Equipment | 5-15 |
| Leased equipment | Over lease term |
| Computer hardware | 5 |
| Computer software | 5 |
| Vehicles | 5-15 |

Assets under construction and assets that relate to pre-acquisition and pre-construction costs are not amortized until the asset is available for productive use. One-half of the annual amortization is charged in the year of acquisition and the year of disposal.

Land permanently removed from service and held for resale is recorded at the lower of cost and net realizable value. Cost includes amounts for improvements to prepare the land for sale or servicing. Buildings permanently removed from service cease to be amortized. Tangible capital assets which meet the criteria for financial assets are reclassified as "assets held for sale" on the Consolidated Statement of Financial Position.

Works of art and cultural and historic assets are not recorded as assets in these consolidated financial statements.

i) Government transfers

Government transfers, which include legislative grants, are recognized in the consolidated financial statements in the period in which events giving rise to the transfer occur, providing the transfers are authorized, all eligibility criteria have been met and reasonable estimates of the amount can be made.

Government transfers for capital are recorded as deferred capital contributions in accordance with regulation 395/11. Amounts are recognized into revenue as the liability is extinguished over the useful life of the asset.

j) Investment income

Investment income earned is reported as revenue in the period earned. Investment income earned on externally restricted funds such as pupil accommodation and special education forms part of the respective deferred revenue balances.

k) Long-term debt

Long-term debt includes debentures and Ontario financing Authority (OFA) loans which were arranged for financing the Board's capital projects or high priority renewal projects. Long-term debt is recorded net of related sinking fund balances.

1. Significant accounting policies (continued)

l) Use of estimates

The preparation of financial statements in conformity with the basis of accounting described in Note 1 a) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the year. Actual results could differ from these estimates. Estimates are reviewed periodically by management, and, as adjustments become necessary they are reported in the period in which they became known. Accounts subject to estimates include allowance for doubtful accounts receivable, retirement and other employee future benefits payable, useful lives of tangible capital assets and the recognition of deferred amounts related to capital contributions.

2. Accounts receivable

Accounts receivable includes tuition fees receivable (payable) from the First Nations as follows:

| | Balance at August 31, 2011 | Invoices | Payments | Balance at August 31, 2012 |
|----------------------------|----------------------------------|------------------|--------------------|----------------------------------|

| | <u>1,317,752</u> | <u>2,473,173</u> | <u>(1,874,333)</u> | <u>1,916,592</u> |

3. Accounts receivable - Province of Ontario

The account receivable from the Province of Ontario is composed of amounts related to capital grants in the amount of \$13,764,950 (2011 - \$13,243,954).

The Province of Ontario has replaced variable capital funding with a one-time debt support grant in 2009-10. The Board recorded a one-time grant that recognizes capital debt as of August 31, 2010 that is supported by the existing capital programs. The Board will receive this grant in cash over the remaining term of the existing capital debt instruments. The Board may also receive yearly capital grants to support capital programs which would be reflected in this account receivable.

4. Property held for sale

As of August 31, 2012, \$nil (2011 - \$233,977) related to land was recorded as property held for sale. During the year, the property was sold. Net proceeds of \$296,000 were received on the sale of this property, which had a carrying value of \$233,977, resulting in a gain of \$62,023. The gain was deferred for future capital asset purchases according to Ontario Regulation 193/10.

Plan changes

On September 11, 2012, the Government of Ontario passed Bill 115, Putting Students First Act. As a result employees eligible for retirement gratuity will receive payout upon retirement based on their accumulated vested sick days under the plan, years of service and salary as of August 31, 2012. All accumulated non-vested sick days are eliminated as of September 1, 2012, and are replaced with a new sick leave and short term disability plan with no provisions for accumulation of unused days.

Retirement life insurance and health care benefits have been grandfathered to existing retirees and employees who will retire in 2012-13. Effective September 1, 2013, any new retiree accessing Retirement Life Insurance and Health Care Benefits will pay the full premiums for such benefits and will be included in a separate experience pool that is self-funded.

Retirement benefits

i) Retirement gratuities

The Board provides retirement gratuities to certain groups of employees hired prior to specified dates. The amount of the gratuities paid to eligible employees at retirement is based on their salary, accumulated sick days, and years of service at retirement. The Board provides these benefits through an unfunded defined benefit plan. The benefit costs and liabilities related to this plan are included in the Board's financial statements. As a result of the plan change, the amount of the gratuities payable to eligible employees at retirement is now based on their salary, accumulated sick days, and years of service at August 31, 2012.

ii) Retirement life insurance and health care benefits

Employees are able to continue coverage for life insurance, dental and health care benefits after retirement until the members reach 65 years of age; however, the retirees pay a premium associated with this coverage.

iii) Sick leave accumulations

As a result of the plan changes, the Board's liability related to compensated absences from sick leave accumulations has been eliminated.

10. Retirement and other employee future benefits (continued)

Retirement and other employee future benefit expenses (continued)

Retirement benefits (continued)

The accrued benefit obligations for employee future benefit plans as at August 31, 2012 are based on a full actuarial valuation that was completed as of August 31, 2012. These actuarial valuations were based on assumptions about future events. The economic assumptions used in these valuations are the Board's best estimates of expected rates of:

| | |
|--|---|
| Wage and salary escalation | 0% |
| Medical cost increases | 9% grading down by 1/4% to an ultimate rate of 4% |
| Discount rate on accrued benefit obligations | 3.00% |
| Dental cost increases | 5% grading down by 1/4% to an ultimate rate of 3% |

The Board has designated reserves for certain of these employee future benefit obligations. The balance of these reserves totaled \$71,837 at August 31, 2012 (2011 - \$856,934).

Other employee future benefits

Workplace Safety and Insurance Board Obligations ("WSIB")

The Board is a Schedule 1 employer under the Workplace Safety and Insurance Act and, as such, the Board insures all claims by its injured workers under the Act. The Board's insurance premiums for the year ended August 31, 2012 were \$40,021 (2011 - \$38,562) and are included in the Board's current year benefit costs.

Long-term disability life insurance and health care benefits

The Board provides life insurance, dental and health care benefits to employees on long-term disability leave for a period of two years after the date of disability. The insurance carrier waives the life insurance premiums for employees on long-term disability; however, the Board is responsible for the payment of the costs of insurance, dental and health care benefits under this plan. The Board provides these benefits through an unfunded defined benefit plan. The costs of salary compensation paid to employees on long-term disability leave are fully insured and not included in this plan.

Above amounts exclude pension contributions to the Ontario Municipal Employees Retirement System, a multi-employer pension plan, as described below.

Retirement benefits

i) Ontario Teacher's Pension Plan

Teachers and related employee groups are eligible to be members of Ontario Teacher's Pension Plan. Employer contributions for these employees are provided directly by the Province of Ontario. The pension costs and obligations related to this plan are a direct responsibility of the Province. Accordingly, no costs or liabilities related to this plan are included in the Board's financial statements.

ii) Ontario Municipal Employees Retirement System

All non-teaching employees of the Board are eligible to be members of the Ontario Municipal Employees Retirement System (OMERS), a multi-employer pension plan. The plan provides defined pension benefits to employees based on their length of service and rates of pay. The Board's contributions equal the employee contributions to the Plan. During the year ended August 31, 2012, the Board contributed \$529,776 (2011 - \$464,176) to the plan. As this is a multi-employer pension plan, these contributions are the Board's pension benefit expenses. No pension liability for this type of plan is included in the Board's financial statements.

11. Areas of jurisdiction without municipal organization

The Board performs the duties of levying taxes, conducting elections of members, and certain other duties in a territory without municipal organization. Certain costs are recoverable through a levy on all ratable property in the area and other costs (approved) are recoverable through an offset to the local taxation revenue.

12. Expenses by object

13. Ontario School Board Insurance Exchange (OSBIE)

The Board participates for its liability, property and automobile insurance in the Ontario School Boards' Insurance Exchange (OSBIE), a reciprocal insurance company licensed under the Insurance Act that is funded by the member boards across Ontario. Liability insurance is available to a maximum of \$20 million per occurrence.

The ultimate premiums over a five year period are based on both the reciprocal's and the Board's actual claims experience. Periodically, the Board may receive a refund or be asked to pay an additional premium based on its pro rata share of claims experience. The current five year term expires in January 2017.

14. Commitments and contingent liabilities

- a) The Board is committed to various operating leases for premises and equipment expiring in fiscal 2016/2017. The aggregate minimum lease payments are as follows:

| | Minimum lease payments |
|-----------|------------------------------|
| | \$ |
| 2012/2013 | 14,637 |
| 2013/2014 | 5,478 |

| 2015/2016 | 966 |
| 2016/2017 | 81 |
| | <u>24,384</u> |

- b) The Board has been named as the defendant in certain legal actions in which damages have been sought. The outcome of these actions is not determinable as at August 31, 2012, therefore, no provision has been made for these claims in the consolidated financial statements. Any losses arising from these actions will be recorded in the year that the related litigation is settled or it is determined that the claim is likely and a reasonable estimate can be made.

15. Repayment of "55 School Board Trust" funding

On June 1, 2003, the Board received \$1,718,287 from the "55 School Board Trust" for its capital related debt eligible for provincial funding support pursuant to a 30-year agreement it entered into with the trust. The "55 School Board Trust" was created to refinance the outstanding not permanently financed (NPF) debt of participating boards who are beneficiaries of the trust. Under the terms of the agreement, the "55 School Board Trust" repaid the board's debt in consideration for the assignment by the board to the trust of future provincial grants payable to the Board in respect of the NPF debt.

The flow-through of \$128,014 in respect of the above agreement for the year ended August 31, 2012 (2011 - \$128,014) is not recorded in these consolidated financial statements.

16. Service Contract/CFSA Approval with the Ministry of Community and Social Services

The Board has a Service Contract/CFSA Approval with the Ministry of Community and Social Services. One requirement of the Service Contract/CFSA Approval is the production by Management of a report, TPAR, which shows a summary by service of all revenues and expenditures and any resulting surplus or deficit that relates to the Service Contract/CFSA Approval.

A review of this report shows the Teacher Diagnostician services to be in a surplus position as at August 31, 2012 and therefore \$25,973 are repayable to the Ministry of Community and Social Services.

19. Transportation consortium

On June 16, 2008, the Board entered into an agreement with Conseil scolaire de district catholique des Aurores boreales, Conseil scolaire de district du Grand Nord de l'Ontario and Superior North Catholic District School Board in order to provide common administration of student transportation in the Region. This agreement was executed in an effort to increase delivery efficiency and cost effectiveness of student transportation for each of the Boards. Under the agreement, decisions related to the financial and operating activities of East of Thunder Bay Transportation Consortium are shared. No partner is in a position to exercise unilateral control.

The Board's consolidated financial statements reflect its share of the Ministry transportation grants and related expenses.

20. Budget Figures

Budget figures have been provided for comparison purposes and have been derived from the budget approved by Trustees. The budget approved by the Trustees is developed in accordance with the provincially mandated funding model for school boards and is used to manage program spending within the guidelines of the funding model. The budget figures are unaudited. As the Board only prepares a budget for the statement of operations, the budget figures in the consolidated statement of change in net debt have not been provided.

21. Subsequent event

On September 11, 2012, the Government of Ontario passed Bill 115, the Putting Students First Act that was introduced August 27, 2012. The requirements of this new legislation were used by the actuaries in the calculations of the Board's estimates for Retirement and Other Employee Future Benefits obligations. The impact of the changes to the various plans has been disclosed in Note 10.
