

What is Homework Help?

Superior-Greenstone District School Board has partnered with the Ministry of Education and the Independent Learning Centre to offer an exciting new math initiative for Super-Greenstone District School Board students. We are pleased to provide your son/daughter with the opportunity to access Homework Help; an interactive website that provides math tutorials for all grade 7-10 students in Ontario.

Students will be able to access online math tutoring, provided by certified teachers during Sunday to Thursday evenings. Between the hours of 5:30 p.m. and 9:30 p.m., students will have access to qualified tutors who can assist with any math problem, as well students are provided with a wealth of math resources and tools to enhance and support their understanding of math. Additional math resources are available 24/7 on the Homework Help site.
