

SCHOOL BOARD PROGRESS REPORT
on
Policy/Program Memorandum No. 135
(Healthy Foods and Beverages in Elementary School Vending Machines)

Please indicate your progress in achieving the recommended standards set out in P/PM No. 135 by answering the questions below.

Completed reports are to be made available to your school community through your school council and posted on your public web site *(if applicable)*.

SCHOOL BOARD NAME: Superior-Greenstone District School Board

1. How many elementary schools, operated by the board, had vending machines that dispensed foods or beverages prior to October 20, 2004?

Three elementary schools had vending machines that dispensed beverages.

2. Of the elementary schools that had vending machines prior to October 20, 2004, how many offered foods or beverages that were not consistent with the recommended standards set out in P/PM No. 135?

All three of the above elementary schools offered beverages that were not consistent with the recommended standards.

3. How many elementary schools, operated by the board, currently have vending machines that dispense foods or beverages?

Three elementary schools currently have vending machines that dispense beverages.

4. Do the foods and beverages currently dispensed through vending machines in these elementary schools follow the recommended standards set out in P/PM No. 135?

If yes, please proceed to question 7.

If no, please continue.

Yes

No

5. How many elementary schools have vending machines that dispense food or beverages that do not follow the recommended standards set out in P/PM No. 135?

All schools are now in compliance.

6. Has the board established a target date by which all elementary school vending machines will follow the recommended standards set out in P/PM No. 135?

Yes. Monday, January 31, 2005.

7. Are there any other school board programs, policies, guidelines, or best practices that the school board would like to highlight related to the creation of healthy learning environments for students? If so, please add any additional information or comments below.

Several schools offer Breakfast Programs and Snack Programs using the established guidelines for the purchase of food stuffs.
