

OTEP Information

Good Morning:

New teachers are welcome to register for some or all of the OTEP modules. NTIP funds cover the cost (modules are \$20 each or \$99 for all eight). See information below. If you are interested in signing up for modules please let me know and I will set it up.

OTEP (On-line Teacher Education Portal)

Courses for new teachers are available through OTEP. They are loaded with valuable information. You work at your own speed. You must work through each course sequentially the first time. Once completed, you can jump to any part of the completed course. There are TIPS links. They either provide additional or summary information, and TIPS can be printed off for future reference. All TIPS also can be found in the Resource section at the end of the course.

Each module takes about one hour to complete. You have the full year to complete all your modules (whether you are still working with SGDSB or not).

The modules are:

- Classroom Management
- Planning and Assessment
- Communication with Parents
- Literacy and Numeracy K-6
- Literacy 7 - 12
- Math Literacy 7 -12
- Learning to 18
- Safe Schools
