RATIONALE

This policy establishes clear guidelines for when fees may be charged, ensuring compliance with the Education Act and the Ministry of Education’s *Fees for Learning Materials and Activities* guideline.

Formatted: Font: 11 pt

The Ministry of Education provides funding to school boards for materials and activities as part of school board operating budgets.

Formatted: Font: (Default) Arial, 11 pt

In general, there should be no fees charged for day school programs, other than tuition fees for non-resident students subject to the *Education Act*.

~~Every student has the right to attend school, where he/she is a qualified resident pupil, without payment of a fee. The costs of materials and activities for elementary and secondary education are provided to schools by the Ministry of Education and are reflected in the Superior Greenstone's operating budgets.~~

When schools choose ~~with the support of the school community~~ to offer enhanced or optional programming, parents and guardians may be asked to contribute resources ~~in the way of time, money, or materials~~ to support these programs or activities. While no student should be excluded from participating in any school activity or event based on the ability to pay, some optional activities or events may require some recovery of the cost for participation.

Fees may be appropriate in cases where schools choose to offer enhancements or supplementary learning materials beyond the core curriculum. Where fees are appropriate, they should be minimized as much as possible, with the goal of supporting student participation in programs and activities regardless of individual economic circumstances.
