

## Steps to add SGDSB wireless to a BlackBerry device

To simplify setup, you can install the Domain Certificate [here](#).

1. BlackBerry Home Button
2. Manage Connection
3. make sure the Wi-Fi box is checked
4. Set Up Wi-Fi Network
5. Scan For Networks
6. Available Wi-Fi Networks select the wireless device to connect
7. Once the Connection is Successful
8. Once the Connection is Successful, you will be asked to save this Wi-Fi Network as a Profile.
9. Say Yes, click on Next and Finish
10. Open your web browser and login to the Wireless Portal to enable internet access.
